Maximum performance:	150 W
IP-Class:	IP44
Input voltage:	24V DC
Controllable lamps:	Aqualine COB, Aqualine flex, Aqualine Ronde, Sky Pro Nano warm white

APPLICATION

The connect multi models can be controlled via the Seliger smart app.

The model connect multi can only be used and controlled in conjunction with the app. The use of the connect multi is described below:

- 1. Connect the connect multi to the power supply unit.
- 2. Plug the power supply unit into the socket.
 - The pilot lamp on the connect multi connect component lights up green.

In its basic setting, the lamp lights up permanently white with 100% brightness.

Downloading the app

The Seliger smart app can be downloaded via the website www.seliger.eu or via the QR code specified in chapter 6.2.

Proceed as follows to use the Seliger smart app in conjunction with the connect multi:

- 1. Activate Bluetooth on your mobile phone and share your location.
- 2. Start the Seliger smart app.
 - > Agree to the data protection ordinance.

 Please create an account if you are downloading the Seliger smart app for the first time. Please log in if you already have an account. <
